On March 16, 2001, Intelsat LLC filed Information Regarding Post-Privatization Distribution Arrangements. This information was filed in response to the International Bureau's request in its recent Order Adopting Protective Order for the most recent versions of the Novation Agreement, Distribution Agreement, and any other relevant documents relating to the distribution issue.¹ At the time of the request, the Bureau stated that Intelsat LLC would be able to submit the requested documents under the Protective Order adopted by the Bureau in its Order Adopting Protective Order. The Commission also stated that "information, such as specific pricing terms, that might be both commercially sensitive and beyond the scope of the Commission's review" could be redacted.² As a result, Intelsat LLC has submitted three documents under Protective Order with certain redactions. Intelsat LLC has also submitted a cover memo for which it has not requested any protection or confidential treatment.

The three documents submitted under the Protective Order will therefore be available to interested parties, under the conditions detailed in the January 29 Order Adopting Protective Order.

Comments will be due April 6, 2001. Reply comments will be due April 13, 2001.
